

**“FAITH & MONEY”**  
A Year-Round Comprehensive  
Financial Stewardship Ministry

**VISION**

*“Faith & Money”* provides practical skills and effective stewardship resources for pastors and lay leadership teams. Our Vision is to transform financial stewardship from a task to a spiritual discipline – *A Way of Life!*

**Purpose of the “Faith & Money” Ministry**

- To equip New England United Methodist congregations with a practical, biblical-based resource to educate and strengthen *personal* and *congregational* stewardship.
- Centered in Wesleyan theology, *Faith and Money* provides a year-round learning environment through worship and education where disciples grow in faithful and joyful stewardship.

Our “Faith & Money” ministry this past year has been well received by U.M. churches and the leadership of the New England Conference. “Faith & Money” however, has become more than a training ministry or program of the U.M. Foundation. For our Board of Directors and staff, it is the theological *model* that guides the work of the Foundation, and serves as the *vehicle* through which all the Foundation’s services and ministries are delivered.

The “Faith & Money” *Wheel*, with its different components or segments, provides a way of (a) illustrating the variety of Foundation services offered (e.g. investments, church loans, planned gifts, educational programs, etc.), and (b) emphasizing that the goal of all these services is, in the words of the Foundation’s Mission Statement, to “...promote faithful stewardship” in congregations and individual lives.
